Naif Alghamdi

Python Trainee | Web Developer

About Me:

I'm a passionate learner currently enrolled in a Python Bootcamp at Tuwaiq Academy. With hands-on experience in backend development and growing front-end skills, I'm eager to contribute to real-world projects and keep growing as a developer.

Education:

- Computer Science - Arab Open University (2025)

- Python Bootcamp - Tuwaiq Academy (2025)

Experience:

- Saudi Aramco Coop Training (.Net Framework) - Built Aramco Tank App with ASP.NET Core, C#, Angular, and SignalR. Used Jira for task management.

- Clinic Management System - Backend project with user authentication, JSON storage, CLI interface, and medical logic.

Skills:

- Python, C#, Java

- ASP.NET, Git, Github

- HTML, CSS, Bootstrab
